🕒 Shift: **7:00 AM - 2:00 PM**

⏱ Net Hours: **6.5 hrs/day**

☕ Break: **30 min break**

📅 Ramadan Schedule — All staff start 7:00 AM

This guide outlines your **Standard Operating Procedures (SOPs)** for the Ramadan period. It covers exactly what you must do and what to avoid every working day. Your shift has been adjusted to **7:00 AM - 2:00 PM**. Any questions — message **@Ahmad Naeem** directly.

🕒 Daily Clock-In & Out

✔ DO THIS

- ✔ Clock in at 7:00 AM on #employee-attendance (Ramadan timing)
- ✔ Format: Name · Designation · Clock-In: 7:00 AM · WFH · @Sheikh Samiyah @Ahmad Naeem
- ✔ Clock out at 2:00 PM every day (30 min break included = 6.5h net)
- ✔ If you arrive early, still log 7:00 AM as your official start time

✗ DON'T DO THIS

- ✗ Don't forget to clock OUT — missing clock-outs cannot be calculated for pay
- ✗ Don't clock in without tagging both managers
- ✗ Don't log a random time — your official Ramadan start is 7:00 AM sharp
- ✗ Don't leave before 2:00 PM without informing Ahmad first

📁 Design Submission

✔ DO THIS

- ✔ Name every file clearly: DD-MM-ProjectName-v1.png (e.g. 12-3-ittfaq-v3.png)
- ✔ Tag the reviewer AND project manager on every submission
- ✔ Submit all files in one message per batch — not separately one by one
- ✔ Wait for feedback before starting the next revision version

✗ DON'T DO THIS

- ✗ Don't submit unnamed files like 'Rectangle 123.png' without a cover message
- ✗ Don't submit multiple batches without waiting for acknowledgement
- ✗ Don't publish or share designs outside Slack without approval
- ✗ Don't skip versions — if v2 is requested, don't jump to v4

📁 EOD Report

✔ DO THIS

- ✔ Submit your EOD report EVERY working day before 2:00 PM in #eod-reports
- ✔ File format: .docx or .pdf attached to the message
- ✔ Include: Tasks done · Files submitted · Pending items · Any blockers
- ✔ Keep it brief — 5 to 8 bullet points is perfect

✗ DON'T DO THIS

- ✗ Don't skip EOD — even if you only did 1 task, report it
- ✗ Don't submit a blank or empty file
- ✗ Don't wait until the next day to file — same-day before 2 PM
- ✗ Don't send it in a different channel — #eod-reports only

5 Revision & Feedback Loop

✓ DO THIS

- ✓ Respond to all design feedback on the same day you receive it
- ✓ Label each revision clearly: v2, v3, FINAL
- ✓ Confirm with reviewer that the issue is resolved before closing
- ✓ Ask for clarification if feedback is unclear — don't guess

✗ DON'T DO THIS

- ✗ Don't ignore feedback and resubmit the same version unchanged
- ✗ Don't label everything 'final' — only use FINAL when approved
- ✗ Don't go silent after receiving feedback — respond same day
- ✗ Don't make changes beyond what was requested without checking first
